

**RESOLUTION 24-022**

**A RESOLUTION APPROVING AN ENERGY SAVINGS PERFORMANCE  
CONTRACT WITH AMERESCO**

WHEREAS, the City of Brookings, in conjunction with Ameresco, a national energy solution company, have completed an investment grade energy audit of City of Brookings buildings and facilities; and

WHEREAS, Ameresco provides energy savings performance services pursuant to contracts with facility owners, wherein the contractor identifies, designs and installs energy conservation measures which are structured so the costs of these energy cost conservation measures are recovered from energy cost savings those energy conservation measures create; and

WHEREAS, the City of Brookings has developed a project which, through the implementation of energy savings conservation measures, together with facility improvement measures, will provide energy savings, capital equipment upgrades and will improve the maintenance of existing facilities and reduced energy use and costs; and

WHEREAS, this Resolution authorizes the City Manager to sign the documentation required to enter into an energy savings performance contract with Ameresco. The Contract with Ameresco is entered into through the Interlocal Purchasing System (TIPS), and the estimated cost of the contract for comprehensive energy conservation measures is \$3,356, 000, with the recovery of this cost guaranteed by Ameresco through long-term energy and conservation savings.

NOW, THEREFORE, BE IT RESOLVED that an energy savings performance contract with Ameresco through The Interlocal Purchasing System (TIPS) Contract #220104 in the amount of \$3,356,000 is hereby approved, and the City Manager and City Clerk are authorized to sign the documents required to execute this Energy Savings Performance Contract.

Passed and Approved this 23<sup>rd</sup> day of July, 2024.

CITY OF BROOKINGS, SD
