

City Council Agenda Item Memo

From: Charlie Richter, City Engineer

Council Meeting: April 16, 2024

Subject: Presentation: 2024 CIP

Person(s) Responsible: Charlie Richter, City Engineer

Summary:

The City developed a Capital Improvements Plan (CIP) for 2024, incorporating projects planned by the Public Works Department. The plan will be formally presented to the City Council and the public for their awareness and engagement.

Background:

The Public Works Department has been working with Brookings Municipal Utilities to plan and coordinate projects addressing the City's needs. This process can take several years of planning and coordination before construction can begin.

Item Details:

The City has worked collaboratively with Brookings Municipal Utilities to develop a website to identify the numerous capital projects throughout the City. This web page can be found at <https://brookingscommunityconstruction.info/>

Strategic Plan Consideration:

Service and Innovation Excellence – This construction website will provide residents with a high-level informational view on all proposed capital projects throughout the City. A link to the 2024 Community Construction website will be placed on the City's website for residents to review.

Financial Consideration:

This website will inform residents what projects are planned along with cost for those projects.

Options and Recommendation:

This is an informational item and does not require any action from the City Council.
