

## **Jackie Lanning, P.E.**

Jackie earned a Bachelor of Science degree in Civil Engineering with a Minor in Environmental Science from Colorado School of Mines. She began as Assistant City Engineer for the City of Brookings on October 1, 1990, filled the role of Acting City Engineer from October, 2003 to April 2004 when she was promoted to City Engineer. Lanning serves as the 1<sup>st</sup> female City Engineer and the 3<sup>rd</sup> City Engineer for Brookings.

Ms. Lanning has been involved with numerous professional affiliations including Leadership Brookings, American Public Works Association, South Dakota Municipal League, National Society of Professional Engineers and Brookings Rotary Club. Lanning was also named as the 1998 Young Engineer of the Year from the South Dakota Engineering Society. She currently serves on the Board of Water and Natural Resources with the SD Department of Environment and Natural Resources.

Lanning has been involved with many construction projects throughout her career with the City with several project awards:

- Southland Lane Detention Pond: National Recognition Award from the American Council of Engineering Companies, 2011
- Brookings Runway Re-Alignment Project: National Asphalt Pavement Association Quality in Construction Award, 2014
- 22<sup>nd</sup> Avenue Reconstruction Project: Gold Project Award in Excellence in Concrete Paving from the American Concrete Pavement Association, 2020

Ms. Lanning most recently served as Project Manager on the 20<sup>th</sup> Street South BUILD Project with collaboration from Brookings County, the South Dakota Department of Transportation and the Federal Highway Administration.
