! 2024 ANNUAL REPORT BOARD OF ADJUSTMENT / PLANNING COMMISSION

The Planning Commission's primary function is to promote the health, safety, and general welfare of the community. Its duties include proposing a comprehensive plan for the physical development of the municipality. The Planning Commission makes recommendations to the governing body regarding various land use issues. The Board of Adjustment is a quasi-judicial board that renders decisions on variance requests, appeals, and special exception uses in the joint jurisdiction area. The board hears and decides variance requests to modify the strict application of the setback, area, height, parking or density zoning ordinance requirements.

Key Projects

Description		Status
