

Resolution 23-021

Resolution Determining Necessity of Alley Assessment Project from 2nd Street South to 3rd Street South connecting 5th Avenue and 6th Avenue

Be It Resolved by the City Council of the City of Brookings, South Dakota, as follows:

1. It is hereby determined the necessity of paving the alley from 2nd Street South to 3rd Street South connecting 5th Avenue and 6th Avenue.
2. The general nature of the improvement is above set forth and reference for details is hereby made to the drawings and specifications prepared by the City Engineer and on file with the City Clerk.
3. The material to be used is asphalt for paving of the alley:
Asphalt pavement on a stabilized crushed gravel base course.
4. The improvement is substantially uniform. The estimated cost per linear foot of alley for paving with asphalt pavement on crushed gravel base course to be paved to a width of 18 feet is \$161.14 per foot of alley or \$80.57 per front foot per side of alley.
5. A description of classes of lots to be assessed is as follows:
All assessable lots and tracts of land lying contiguous to the alley hereinabove described.
6. The method of apportionment of benefits is as follows:
The cost thereof to be assessed against all assessable lots and tracts of land according to the benefits determined by the governing body to accrue to all such lots and tracts from the construction of the improvement. The assessment may be paid over a five-year period and the interest to be charged on the unpaid balance shall be based on a formula as described in the City's Special Assessment Policy-Collection of Assessments.

Passed and Approved this 14th day of March, 2023.

CITY OF BROOKINGS, SD

Oepke G. Niemeyer, Mayor

ATTEST:

Bonnie Foster, City Clerk
