

City Council Agenda Memo

From: Charlie Richter, City Engineer

Council Meeting: May 16, 2023

Subject: Presentation: 2023 CIP

Person(s) Responsible: Charlie Richter, City Engineer

Summary:

The City has developed a Capital Improvements Plan (CIP) for 2023 that incorporates projects planned by Department of Public Works. This presentation will provide City Council and the public with information on these projects.

Background:

The Department of Public Works has been working together along with Brookings Municipal Utilities to plan and coordinate projects that address City needs. This process can take several years of planning and coordination before construction can begin.

Item Details:

The City developed a GIS driven web page (storybook) that identifies the numerous capital projects throughout the City. This web page can be found at <https://storymaps.arcgis.com/stories/d2e49d3e7b164d91bac740a950777399>

Strategic Plan Consideration:

Service and Innovation Excellence – This storybook will provide residents with a high-level informational view on all proposed capital projects throughout the city. A link to the storybook website will be placed on the City's website for residents to review.

Financial Consideration:

This website will inform residents what projects are planned along with cost for those projects.
