Attachments: Window spec 3 001.tif

The attached shows the complete specs for the other windows we have and we want the new ones to match those specs.

All measurements are outside dimensions. We do have some "wiggle room" in that these are replacement windows and the contractor can make up some width undersize and a limited amount of height undersize.

2ea.....25.75 wide X 60.5 high
1ea.....31.5 wide X 60.5 high
2ea.....35.5 wide X 61.5 high

Call or reply with questions or comments. BTW, we have purchased 10 units in the past and are very happy with the items.
