OFFICIAL SUMMARY

Vice-Chairperson Justin Borns called the Board of Adjustment meeting to order on Thursday, July 1, 2021 at 5:00 PM in the Chamber's Room of the City & County Government Center. Members present were Matt Chandler, Jake Russell, Jeremy Scott, Nick Schmeichel-via telephone and Borns. Edmison and Houtman were absent. Others present were Community Development Director Mike Struck, Kyle Prodoehl, Greg Heiberger, Sarah Wilson, Gene Stegeman, and Andrew Austreim.

Item #4a – This request was heard at the June 21, 2021 Board of Adjustment meeting. The request was tabled. Prodoehl explained that this house is a non-conforming boarding house. Since the last meeting he has spoken with the Brookings Police Department to verify the nuisance complaints on this property and there have only been 2 since 2012. He feels that the improvements that he needs to make will improve the property and the value of the properties in the neighborhood.

Heiberger, 819 9th Ave, stated that there have been several complaints against the property. He is opposed to this request for the variance to continue the boarding house status but is in favor of the setback variance.

Item #5a – Wilson explained that when they purchased their house there was a gravel driveway to a garage, which had been removed before they purchased the property. They now want to improve this driveway with concrete. With the new concrete they will improve some drainage issues that they have.

Item #5b – Stegeman explained that they would like to build a deck that will cover the existing landing and sidewalk. This deck will extend and step down to the driveway. Chandler asked if the Northwestern Energy meter will be an issue. Stegeman stated that his contractor has worked around meters like this and it won't be an issue to build around it. Scott asked what the height of the deck will be? Stegeman reported that it will be 28 to 30 inches depending on the grade around the deck. The new deck will not be any taller than the current steps.

Item #5c – Austreim explained that they are wanting to build a contractor's shop on this parcel. Struck explained that in the 3 mile JJA, contractor shops are allowed by special exception.

The meeting was adjourned at 5:37 p.m.
