Action on Resolution 21-013, a Resolution to approve the purchase of a Zamboni Ice Resurfacer from Sourcewell Contract #030117-FZC through the Frank J. Zamboni Company.

### Summary:

This Resolution will award the purchase of a Zamboni Ice Resurfacer from the Frank J. Zamboni Co. in the amount of \$105,692.15. The City will sell the existing 2002 Olympia Ice resurfacer through the surplus property auction. The expected value is estimated at \$20,000 - \$25,000. That sales amount will offset the total purchase price and will bring the overall price below the budgeted amount of \$100,000. This equipment is critical for proper ice maintenance for all ice activities at the Larson Ice Center and is used after each group.

### Background:

Ice resurfacing equipment is vital to the proper maintenance of the ice surfaces at the Larson Ice Center. The resurfacing equipment is used several times a day to prepare the ice surface between user groups. Currently the rink has 2 different types of resurfacing equipment. Replacement of the 2002 Olympia ice resurfacer with a Zamboni model will allow staff to be trained on a single operating system. Having equipment of the same manufacturer will reduce training time, allow for a single parts inventory, and create more consistency during ice maintenance activities.

### Item Details:

The City will purchase a Zamboni 546 Ice Resurfacer from Sourcewell Contract #030117 FZC through the Frank J. Zamboni Company.

Zamboni 546 Ice Resurfacer	\$105,692.15
<u>Less Sale of Olympia Resurfacer</u>	<u>\$ 20,000.00</u>
Net Total Cost	\$ 85,692.15

### Fiscal Impact:

The total contract price is \$105,692.15.

Total purchase price after the sale of the 2002 Olympia Resurfacer is expected to be \$ 85,692.15 and is below the budgeted amount of \$100,000 approved in the Larson Ice Center 2021 budget.

**Recommendation:**

Staff recommends approval.
