Discussion and Possible Action on 2021 Outside Agency Application and Prioritization.

Summary:

In May, the City Council approved the 2021 social service agency funding process. The City will utilize the Brookings United Way application and rubric process. A United Way funding committee will make recommendation to the City Council based on the rubric metrics chosen and prioritization. All entities can request United Way and/or City funding.

The City Council requested a review of the City and United Way applications for variations. This information is provided within the packet. Of the nineteen (19) questions asked in the City application, only five (5) differ. Staff's recommendation is provided.

Additionally, the United Way is requesting an understanding of the City Council's prioritization of community needs. This will assist in determining if a new rubric is needed, but more importantly, guide the recommendation to the City Council from the committee.

Recommendation:

Approve any application changes needed and provide the United Way direction of prioritized areas of need.
